Gym Renovation!

The VDC gym is getting a makeover! By the end of the year our gym will have an HVAC system, new insulation and beautiful white walls and ceiling! We are excited for how the renovation of our gym will provide more access and opportunities for our community.

Community Outreach!

Thank you to our volunteers and those who have helped give to our Warm Winter Outreach. We are working to fill our community outreach room with supplies to help those in need. We are in need of more food and clothes. Please contact us if you want to volunteer and you can drop off supplies here at VDC!
